

TRAGEDY NEAR BOISE

SUSPECTED LOVER SHOTS
MRS. GARNER.Grasped Her in His Arms and
Shot Her Behind the Ear
—A Woman Witness.

BOISE, Ida., June 27.—A double tragedy occurred at Pearl, 20 miles from Boise at 3 o'clock this afternoon. William P. Kissinger, of Eugene, Oregon, shot and killed Mrs. William Garner and then killed himself.

Pictures of the woman were found on the man and a lock of hair, supposed to be her's. The theory is that they were former lovers. A young woman named Alice Foster heard what passed between the two, and saw the shooting. She was in another part of the house when Kissinger entered and heard some expression of surprise on the part of Mrs. Garner. She then started to pass through the room when she saw Kissinger grasp Mrs. Garner in his arms, and as he held her, he drew a pistol and shot her behind the ear. Then he shot himself through the head.

Mr. and Mrs. Garner were married here February last. Garner has long been a resident of this section. Mrs. Garner, who was Ada Hon, came from Oregon. Her parents reside at Pilot Rock, near Pendleton.

POSTPONEMENT CAUSES RIOT.

Several Residents of the Opinion That
Children Should Not Be Disap-
pointed Cause Trouble.

NEW YORK, June 27.—That many persons unreasonably felt aggrieved by the postponement of the local coronation festivities is shown, says a Herald dispatch from London, by the fact that disturbances have occurred in different parts of England. A crowd gathered in the streets of Watford and windows in the house of the chairman of the council were smashed, together with those of the coronation committee. Mounted police charged the crowd.

Considerable rioting was indulged in at Dunstable, protest meeting was held and the crowd afterward proceeded to the residence of the mayor and rector where, amid much shouting, windows were smashed. A move was then made to the Chiltern Hills, where a great coronation bonfire was lighted contrary to orders.

A riot also occurred in Hempel Hamstead, owing to the difficulty of the coronation committee to sell out the beef and other things for the coronation dinner for the poor. The disappointed poor collected in crowds and smashed the windows of members of the committee. At Newton Montgomeryshire, the committee decided to postpone all festivities indefinitely. Several residents being of the opinion that the children should not be disappointed, requested the chairman of the district council to convene a public meeting to consider the matter. This he refused to do. When the chairman emerged from the committee meeting he was hooted by a large crowd. He took refuge in an inn, which was immediately surrounded by hundreds of persons.

DEMOCRATIC STATE COMMITTEE.

Effected a Complete Victory for John
P. Hopkins and Friends.

CHICAGO, June 27.—The reorganization of the Democratic state committee has been effected and resulted in a complete victory for the friends of John P. Hopkins, who, with Vice-Chairman Botschstein, Secretary Mounts and Treasurer Brinton was re-elected practically without opposition. Chairman Hopkins received the support of 2 of the 32 committeemen present, or represented by proxies.

ANTI-IMPERIAL MEETING.

Bourke Cockran of New York as the
Speaker Upon Granting the Phil-
ippines an Explanation.

BOSTON, June 27.—The New England Anti-Imperial League met in Faneuil hall last night when Bourke Cockran of New York, was the speaker. Its object was to formulate a demand that the representative Filipinos like Arinaldo and Mabini be permitted to come to this country and lay their case before the American people. Gamaliel Bradford presided and reminded the audience that the Philippine war had cost over \$500,000,000. Mr. Cock-

rane spoke with great earnestness. He first took Cuba as the text for his remarks on the efforts and distinguishing characteristics of imperialism. He charged bad faith in the treatment of Cuba. Our oppression of the Cubans, he contended, had been more scientific, more drastic and more terrible than that of Spain, because it was being undertaken for the purpose of enriching a wealthy class. The treatment of the Philippines by the United States, Mr. Cockran declared, was the blackest page in history. He was confident imperialism had run its course and that the whole matter would be settled at the next election.

In outlining what he believed this country should do, he said:
"We ask that the chiefs of the Filipino people come before us and inform us what they want, that we may judge whether they are fit for the high responsibilities of citizenship or whether they be held in vassalage."

A petition to congress embodying the ideas was circulated and signed.

NAVAL CONSTRUCTOR DEAD.

Supervisor of the Construction of the
Ill-fated Maine.

NEW YORK, June 27.—William Lines Minto, naval constructor U. S. N., retired, who supervised the construction of the ill-fated battle-ship Maine at the Brooklyn navy yard, is dead at his home in Brooklyn. He was born in New York 73 years ago and entered the naval service in 1869. He became a naval constructor in 1888 and retired three years later. At the time of the Spanish war he returned to the navy and did active duty for two years.

BRYAN NOT INVITED.

Says if He Had Been He Would Have
Responded. Not Attended.

LINCOLN, Neb., June 27.—W. J. Bryan has announced that he was not invited to the Tilden Club banquet in New York, adding that if he had been, he would have responded, explaining why he would not attend a political banquet given in honor of one who twice opposed the Democratic ticket and has never since announced his intention of returning to the party.

PROGRAM OF ARBITRATION BILL.

WASHINGTON, June 27.—The labor committee of the House has considered the bill creating a national board etc., which was introduced by M. McDermott, of New Jersey, because of the continuance of the coal strike. Chairman Gardner called attention to the prostrating influence of a long continued strike which he said might be more serious than a national panic. It was the general view of the committee that a legally effective compulsory arbitration measures would be impossible but that one which would secure investigation and publicity of the merits of the controversy would exert a strong moral influence, backed by the national government, in adjusting strikes. Several amendments perfecting the bill were made and the committee will meet again to act further.

TAFT STILL NEGOTIATING.

LONDON, June 27.—The Rome correspondent of the Times referring to the purpose of the presence there of William H. Taft, Civil Governor of the Philippine Islands, says in a communication dated June 16:

"The Vatican is anxious, not only to be on good terms with the Washington government, but also to obtain the compensation which Judge Taft is understood to offer for the dispossession of the monks in the Philippines. But as such dispossession involves some loss of prestige, the Vatican is obliged to act cautiously in appearing to sanction such a precedent. It is not difficult to predict, continues the correspondent, that before the negotiations are ended Washington may find itself obliged to temper the spirit if not the letter of some of its principles by inserting in an eventual agreement some clause susceptible of coercion use should the religious orders or the Vatican attempt to elude their engagements."

ANTHRACITE COAL SHIPMENTS.

PHILADELPHIA, June 27.—The statement of the coal and coke companies on the Pennsylvania railroad lines east of Pittsburgh and Erie for the week ending June 21 shows that there was carried only 5901 tons of anthracite coal, as compared with 22,812 tons for the corresponding period of 1901. The shipments of bituminous coal were 548,596 tons, as compared with 284,079, and the coke tonnage was 191,841 as against 158,608 tons, the total tonnage amounting to 775,338 tons. Notwithstanding the falling off in the shipment of anthracite coal, the total fuel carried was greater than it was in the corresponding week of 1901.

BILLS BEFORE SENATE

SHARP DEBATE UPON THE
RECIPROCITY BILL.Senator Mitchell Asks Recognition
for the Portland Ex-
position.

WASHINGTON, June 27.—Quite unexpectedly a sharp debate arose in the senate today on the question of Cuban reciprocity. Teller, of Colorado, at whose instance the senate committee on the Cuban relations made its investigation of subject, delivered a spirited speech in opposition to reciprocity with Cuba. He charged that the entire reciprocity propaganda had been backed by an American sugar refining company and by Americans who were interested financially in Cuban sugar plantations.

TO ACT ON PORTLAND FAIR.

WASHINGTON, June 27.—Mitchell said it was his intention at this time to call the attention of congress and the American people to the determination of the people of the great Pacific Northwest to join hands in commemorating the centennial anniversary of the achievements of Lewis and Clark by holding a grand industrial exposition at Portland, Oregon, in 1905. Much had been done already by the people in that direction by raising funds and getting the exposition underway. Under direction of the president, ex-Senator Corbett, he said that at the next session of congress, he should ask that the proper congressional recognition be given to the exposition, notwithstanding the statement of Mr. Hale, that the United States should not take part in any other expositions.

MUCH BUSINESS DISPOSED OF.

WASHINGTON, June 27.—The house today began the consideration of the contested election case of Hutton vs. Butler, for the Twelfth Missouri district. A vote will be taken tomorrow. Some odds and ends were cleared up during the early portion of the session. Requests for unanimous consent for which there is always a great demand on the closing days of the session, were suddenly blocked today by Moon, of Tennessee, who told his friends that he would object to all requests of this kind until he was recognized to ask for the consideration of the bill to give the Indian territory, a territorial form of government.

A SINGULAR OCCURRENCE.

WASHINGTON, June 27.—For the first time in 88 years, the regular session of the cabinet was held outside the White House. The White House is being renovated.

NORBECK TALKS.

MINNEAPOLIS, June 27.—Christopher C. Norbeck, whose fight in the midst of his trial for bribery and whose recapture are matters of recent history, before the grand jury made a clean breast of all he knew about police corruption in this city.

ILLINOIS DEMOCRATS NOMINATE.

GALESBURG, Ill., June 27.—The Democrats of the 15th district have nominated Jonas Olson for congress.

DECATUR, Ill., June 27.—Wilbur B. Munds was nominated for congress by the Democrats of the 19th district.

A GLORIOUS FOURTH.

On the Fourth of July every true patriot will celebrate the signing of the Declaration of Independence by the Colonists, and although the struggle which followed was both costly and disastrous, yet it resulted in their ultimate freedom from the yoke of English bondage. Another very important day in the life of anyone, especially those suffering from a weak or disordered stomach, will be the one on which they decide to give up old methods of trying to obtain relief and commence the use of that famous twentieth century family medicine, Hostetter's Stomach Bitters. It will cure anyone suffering from dyspepsia, indigestion, belching, constipation, biliousness or insomnia. Try it today and be convinced. Our Private Stamp is over the neck of the bottle.

Marvelous Escape From
Death!

**PAIN'S CELERY
COMPOUND**

Does a Wondrous Work for a
Lady Who Was Almost
Crazed With Pain
and Suffering.

It is well known that terrible rheu-
matism, sciatica, and neuralgia cause
more helplessness, acute suffering and
agony, than any of the other diseases
that afflict humanity. The great medi-
cal virtues of Paine's Celery Compound
make it the only trustworthy
specific for the cure of all forms of
rheumatism and neuralgia. Thousands
of strong testimonial letters from the
most prominent people of the land,
prove that Paine's Celery Compound
has banished these terribly fatal trou-
bles when all other treatment has failed.
Mrs. Margaret Bethel, of Brain-
ard, Minn., after thirty years of agoniz-
ing tortures had a desire to end her
life, if it was the will of Heaven; she
almost prayed for the time to lay it
down. Heaven-directed, she made use
of Paine's Celery Compound, and is
enjoying true life once more. She
says:—

"For thirty years I have been a
great sufferer from rheumatism in the
head, and rheumatism in the whole
body. I began taking Paine's Celery
Compound and soon found I was much
better. Before taking the Compound,
my life was such a burden that I al-
most prayed to lay it down. I was
bedfast every two weeks with horrible
pain in the head, back, and neck, until
I was almost crazed. I am able to do
harder work and more of it today than
for thirty-five years. I am really en-
joying life again, thanks to Paine's
Celery Compound. I am satisfied that
my life has been prolonged many
years by its use."
